CHAPTER 19: AFTERWORD

First of all, I wanted to apologize for the delay in getting this chapter out. I really have no excuse for it besides "Natsu Bata"... Summer laziness.

Secondly, I'd like to take a brief moment to talk about some of the things that have been going on with me recently. I've written more details about this on my site, but here's the low-down:

- Lost my job at the end of March
- Couldn't get a new job until the beginning of May
- My father passed away mid-June
- My company does not honor any bereavement leave and I had to work an extra week in July so I would still be paid my full monthly salary, otherwise they would have docked my pay.

So, during all this extra stress and emotional hardship, it has been a welcome pleasure to work on this project. This is another reason why I like to work alone. I started this of my own volition, and I'd like to see it through. If any other group wants to have their go at translating this series, then by all means, have at it. I am confident that there are other people who could do a much better job than I can. Simply, I cannot make runs available for you.

Lastly, I'd like to share a couple (hopefully) useful pages on my site that relate to this manga series. If anyone has any questions or comments about it, me, or whatever, please feel free to contact me there.

Thanks a lot, and see you in the next chapter!
